

Egg Carton Caterpillar

Supplies Needed

- Recycled egg carton
- Markers or paint with brushes
- Black marker to draw eyes or plastic googly eyes
- Chenille stems or straws

Directions

1. Cut a strip of 6 cups from the egg carton, keeping them attached in a straight line. Ask an adult to help with the cutting.
2. Turn the cups upside down and use markers or paints to color the cups.
3. On the head of the caterpillar, have an adult poke two holes in the top of the cup.
4. Cut a 6-inch piece of chenille stem or straw and place through the two holes to form the antennae.
5. On the front of the head, draw eyes with the black marker; or glue on googly eyes.
