

## Earth Day Activities

**Holy Hike** – take a walk looking at God’s creations. What do you see, smell, hear, and feel?

**Cereal Chain:** Make a bird feeder by stringing ‘O’ shaped cereal on a pipe cleaner/chenille stem and bending it in a circle. Or, string the cereal on a piece of yarn. Hang it on a tree.

**Peanut Butter Pinecone Bird Feeder:** Carefully tie string around a pine cone. Use a craft stick or spoon to coat the pine cone with peanut butter. Then roll the peanut butter pine cone in wild bird seed. Hang it on a branch outside.

**Star Gazing:** Go outside at night and look at the star constellations. Find an app on a digital device that charts the stars.
